PROFESSIONAL EXPERIENCE

Deloitte Consulting Pvt. Ltd. <i>Lead Junior Associate — Operations Analytics & Process Governance</i>	Hyderabad, India Jan 2025 – Present
- Directed a 28-day Out-of-Balance billing reconciliation and transformation project for a major US healthcare client, reducing backlog billing inventory by 90% and recovering over \$567K in financial impact across regional divisions. - Apply structured Non-Recoverable Payment (NRP) checklists and validation protocols to reconcile invoice variance, verify payer history, and resolve outstanding billing exceptions. - Prepared weekly commercial dashboards, operational capacity forecasts, and executive PPT reports explaining cost variance drivers and SLA/TAT metrics to leadership. - Built automated data cleansing and preparation workflows in Alteryx Designer to streamline Excel-based transactional reporting for pilot business units processing USD 2K–6K daily.	
MediaMint <i>Campaign Manager — Analytics & Performance Reporting</i>	Hyderabad, India Jul 2024 – Dec 2024
- Evaluated multi-channel performance data (GA4, GTM, CM360) and contract renewals for international clients, preparing billing reconciliation audits and tracking lifetime customer spend. - Standardized analytical review templates and drafted commercial slide decks for client review meetings, contributing to a 15% reduction in reporting-related escalations.	
MediaMint <i>Customer Operations Specialist — Reporting & CRM Support</i>	Hyderabad, India Apr 2023 – Jul 2024
- Developed Google Sheets-based trackers with conditional automated alerting to monitor 250–330 monthly cases across Salesforce and Zendesk, giving operations managers real-time visibility into SLA breach risks. - Cleansed daily CRM logs to resolve categorization errors and documented standard SOPs for operational queues to accelerate support onboarding.	
Freelance Consulting & Graphic Design <i>Freelance Designer & Operations Analyst</i>	Remote 2024
Collaborated directly with US-based restaurant franchises to structure, design, and launch digital menu layouts and promotional materials, aligning menu categories with customer ordering trends.	

KEY PROJECTS (ANALYTICS PORTFOLIO)

<u>Customer Revenue & Cohort Retention Analysis (SQL/DuckDB)</u>	SQL, DuckDB, Cohort Retention, RFM Modeling
Analyzed 929 completed transactions (INR 5.37M revenue) in DuckDB. Used window functions and CTEs to evaluate monthly revenue, compute order return rates (4.5%), build cohort retention matrices, and segment customer bases using Recency, Frequency, and Monetary (RFM) modeling to optimize customer retention spend.	
<u>Operations Root Cause Analysis & SLA Audit (Python/Pandas)</u>	Python, Pandas, Root Cause Analysis, KPI Dashboards
Evaluated 1,000 service tickets in Python. Isolated operational bottlenecks in "Delivery Issues" (40.7% breach rate, 71.3-hour resolution average), and quantified that SLA breaches led to a CSAT drop from 3.98 to 1.44, supporting a proposed milestone-based escalation framework to leadership.
