

PAVAN KUMAR VAIKUTHERISAL

pavan55vkumar@gmail.com | [LinkedIn](#) | [Portfolio](#) | Hyderabad, India — Open to relocate: Bengaluru & Remote USA

PROFESSIONAL SUMMARY

Analytical Business and Operations Analyst with 3 years of hands-on experience sitting at the intersection of operational processes, financial metrics, and data diagnostics. Proven track record of resolving complex operational bottlenecks, leading business analysis, and optimizing customer retention methodologies. Experienced in developing executive reports, standardizing documentation, and creating design collateral, including menu boards for US-based restaurant brands as a freelancer. Proficient in Advanced Excel, SQL, Alteryx, and BI tools.

CORE SKILLS

Methodologies: Business Analysis, Problem Solving, Customer Retention, SLA/TAT Diagnostics, Variance Tracking	Analytics & Databases: SQL (DuckDB/PostgreSQL), Alteryx Designer, Python (Pandas/NumPy), Excel Dashboards, A/B Testing
BI, CRM & Design: Tableau, Power BI, Salesforce CRM, Zendesk, PPT Presentations, Menu & Layout Design (US Franchises)	Process & Support: Process Mapping & SOPs, Executive MIS Reporting, Cross-Functional Leadership, JIRA

PROFESSIONAL EXPERIENCE

Deloitte Consulting Pvt. Ltd. <i>Lead Junior Associate — Operations Analytics & Process Governance</i>	Hyderabad, India Jan 2025 – Present
- Directed a 28-day Out-of-Balance billing transformation project for a major US healthcare network; reconciled and completed 1,768 accounts, reducing backlog inventory by 90.5% (from 2,042 to 193 accounts) and recovering \$567,103 in regional financial impact. - Applied structured Non-Recoverable Payment (NRP) validation checklists and regional review protocols to resolve account holds caused by missing remit images, accelerating account progression. - Prepared weekly executive dashboards, status reports, and presentations detailing operational capacity requirements, cycle-time variance drivers, and SLA/TAT compliance. - Built automated data cleansing and preparation flows in Alteryx Designer for pilot business segments processing USD 2K–6K daily, eliminating manual spreadsheet processes and saving 3+ hours per week.	
MediaMint <i>Campaign Manager — Analytics & Performance Reporting</i>	Hyderabad, India Jul 2024 – Dec 2024
- Evaluated multi-channel digital campaign performance data (GA4, GTM, CM360) for international clients to optimize customer retention metrics and conversion rates. - Standardized reporting templates and drafted analytical review decks for client accounts, contributing to a 15% reduction in reporting-related escalations.	
MediaMint <i>Customer Operations Specialist — Reporting & CRM Support</i>	Hyderabad, India Apr 2023 – Jul 2024
- Developed Google Sheets-based trackers with conditional automated alerting to monitor 250–330 monthly cases across Salesforce and Zendesk, giving operations managers real-time visibility into SLA breach risks. - Cleansed daily CRM logs to resolve categorization errors and documented standard SOPs for operational queues to accelerate support onboarding.	
Freelance Consulting & Graphic Design <i>Freelance Designer & Operations Analyst</i>	Remote 2024
Collaborated directly with US-based restaurant franchises to structure, design, and launch digital menu layouts and promotional materials, aligning menu categories with customer ordering trends.	

KEY PROJECTS (ANALYTICS PORTFOLIO)

Customer Revenue & Cohort Retention Analysis (SQL/DuckDB)	SQL, DuckDB, Cohort Retention, RFM Modeling
Analyzed 929 completed transactions (INR 5.37M revenue) in DuckDB. Used window functions and CTEs to evaluate monthly revenue, compute order return rates (4.5%), build cohort retention matrices, and segment customer bases using Recency, Frequency, and Monetary (RFM) modeling to optimize customer retention spend.	
Operations Root Cause Analysis & SLA Audit (Python/Pandas)	Python, Pandas, Root Cause Analysis, KPI Dashboards
Evaluated 1,000 service tickets in Python. Isolated operational bottlenecks in "Delivery Issues" (40.7% breach rate, 71.3-hour resolution average), and quantified that SLA breaches led to a CSAT drop from 3.98 to 1.44, supporting a proposed milestone-based escalation framework to leadership.	

EDUCATION

MBA, Operations Management — IGNOU	Expected 2027	BBA, Business Analytics — KL University	2023
